Re: Resuming Inmate Visitation

Inmate Visiting will resume on Sunday, June 7, 2020 at regular hours, however, some things have changed due to our need to practice social distancing:

- All visitors must wear a mask upon entering the prison, and that mask must stay on throughout the visit.
- Only one adult visitor is permitted, per inmate. No children are allowed to visit.
- We will only allow groups of three in to visit at one time.
- All visiting booths and phones being used will be disinfected after each group of visits are completed.
