

INTERNATIONAL OVERDOSE AWARENESS DAY

AUGUST 31ST, 2023

6PM - 8PM

YOUGH RIVER PARK

Main Stage & Pavillion 1

259 N 6th St., Connellsville, PA 15425

Overdose Awareness Day is only recognized on one calendar day of the year. Those of us that have been impacted by addiction know that one day is not enough to make the change that is necessary. We are here to spread information, resources, and most importantly, **HOPE**. Where there is breath, there is **HOPE**. Overdose is preventable. Armed with the knowledge, you can save a life.

Speakers include overdose survivor and individuals in recovery. There will be tables with information, resources, Narcan, and Detera bags for free.
