18-5 Bid Commissioners Suite

Bids will be received for a multi zone air conditioner heat pump minimum 6 ton with drop in ceiling cassette units. There will be a control and unit in each of the Commissioners Offices to cool/heat commissioners office as well as their assistants offices. A unit in the reception area with controller and a unit in conference room with controller. Installer will remove old chilled water air handler from above ceiling in reception area, cap off water supply lines to chiller. Run and connect all electrical lines and disconnects and drains needed to complete the work. Outdoor units will be placed on pads plastic or concrete outside of H R department where instructed by Public works Dept. All exterior lines ran will enter building at the lowest possible point and be approved by Public Works before being ran. The ceiling in the reception area will be removed and replaced by Public Works Dept (removal of old chiller unit). All other ceiling removal or replacement will be the responsibility of installer.

A walk through can be set up by contacting Raymond Eicher Director of Public Works At 724-430-1200 ext 1503 or by email [reicher@fayettepa.org](mailto:reicher@fayettepa.org)
